

Forget

Drowning Pool

I can see it your eyes
Why you're here tonight
Lookin' for that something sacred you'll never find
You know there must be some way
To wash away the pain
Just like you did your faith Forget
Forget the fear you try to hide
Forget the pain you keep in side And before we all regress
To this emptiness
And crawl across the floor Once more
Scraping our hands and knees I know that all of us must feel this way
