

# Music Matters (Mark Knight Dub)

## Faithless

For all those who stood up and were counted  
For all those for whom money was no motive  
For all those for whom music was a message  
I want to thank you for making me a little more sure  
A little more wise and courageous You told me to look much further  
You told me to walk much more  
You told me the music matters  
And to chase the dogs back from my door  
I won't stop here, I won't be still until the sun sets on us all Under the sheets with my radio turn down low  
So nobody know it's the late night show  
Hopin' to hear 'Hey Joe', Jimmy was my hero  
Head blown by Type R or was it the true star? From Dali Lama to Tanamo, Curtis Mayfield  
Say Kurtis Blow singing into my pillow  
And praying I don't dose until my 9 volt battery goes You told me to look much further  
You told me to walk much more  
You told me the music matters  
And to chase the dogs back from my door  
I won't stop here, I won't be still until the sun sets on us all You told me to look much further  
You told me to walk much more  
You told me the music matters  
And to chase the dogs back from my door  
I won't stop here, I won't be still until the sun sets on us all You told me the music matters  
You told me the music matters  
You told me the music matters  
You told me the music matters
