Everywhere You Go

Lawson

Nothing can stop me, I am not gonna change my mind
No one can keep me from the road that I'm on this time
No matter what, I'm gonna do what it takes to make it
Well, I didn't know what I was missing 'til I met You
I never even thought to listen, no, I never knew
And now You've given me a second chance and I'll take it
So here I am, Lord, I wanna be where You are
I need You now, won't You show me the way?
Everywhere You go, I wanna go, will You take me with You?
Everywhere You lead, I wanna be by Your side
Everyone You love, I wanna love just like You love me
Everywhere You go, I wanna go there with You, yeah
It doesn't matter how long this is gonna take me
I'm gonna keep on moving even if it breaks me
I'll never turn around, I have found where I am going
So here I am, Lord, I wanna be where You are
I need You now, won't You show me the way?

Well, everywhere You go, I wanna go, will You take me with You?
Everywhere You lead, I wanna be by Your side
Everyone You love, I wanna love just like You love me
Everywhere You go, I wanna go there, go there
Everywhere You go, I wanna go, will You take me with You?
Everywhere You lead, I wanna be by Your side
Everyone You love, I wanna love just like You love me
Everywhere You go, I wanna go there, go there
Everywhere You go, I wanna go, will You take me with You?
Everywhere You lead, I wanna be by Your side
Everyone You love, I wanna love just like You love me
Everywhere You go, I wanna go there with You, yeah
Everywhere You go, I wanna go there with You, oh
Everywhere You go, I wanna go there with You, oh
Oh, I wanna go there, will You take me with You, Lord?
Everywhere You go, oh, everywhere You go, yeah, yeah
