"a Kayak (on Snow)"

Frank Zappa

Monica: A kayak . . . on snow . . . a mountain
Spider: There's a mountain on the beach?
Monica: It was under the beach
John: A mountain under the beach?
Monica: Yeah
John: How did you get to it?

Monica: We didn't, it found us
Spider: It came up through the beach?
Monica: No, it never came up. And the moon, the moon was shining on the sand. And we saw the mountain with the snow
John: Underneath?
Monica: Underneath
Spider: Did you see any of those little worms like . . . like were in the mud?
