Sexual Telepathy

Disappear Fear

(3:07)
All of the fire burning inside ya, be true now
All of the moment, it's yours you can own it
Be true now
Sometimes when we're talking I can feel you walking
through my mind
Just like now today I don't have much to say
but I will in time
All of the pretense, no reason for pretense
Be true now
Sexual Telepathy, Sexual Telepathy
Ah, ah, ah
Right now.
