Holiday In Rhode Island

The Softies

In your letter you didn't say
The weather would be so dreadfulBut I'm so glad to be here
It's just you and me now honey
Far from the west coast
Where you've never been and
You long to see somedayWo'd have thought I'd really visit
A holiday in Rhode IslandI'm so happy just to see you
You're all I dream of honey
Now we can be tgether
For a few days I am the only one
