Fri-end?

Kate Nash

You don't treat me like a friend yeah
You don't treat me like a friend
I've been saving all this stuff inside me for you but
You ain't giving me the best.
You don't treat me like a friend yeah
You don't treat me like a friend
I've been saving all this stuff inside me for you but
You ain't giving me the best.
I never noticed
What you said
You said some real mean things to me
And I couldn't be myself

I never noticed
The way you dress
Well the way you dress was more important to you than
it was being my friend
You don't treat me like a friend yeah
You don't treat me like a friend
I've been saving all this stuff inside me for you but
You ain't giving me the best.
You don't treat me like a friend yeah
You don't treat me like a friend
I've been saving all this stuff inside me for you but
You ain't giving me the best.

I never noticed
What you said
You said some real mean things to me
And I couldn't be myself

I never noticed
The way you dress
Well the way you dress was more important to you than
it was being my friend
You don't treat me like a friend yeah
You don't treat me like a friend
I've been saving all this stuff inside me for you but
You ain't giving me the best.

You don't treat me like a friend yeah
You don't treat me like a friend
I've been saving all this stuff inside me for you but
You ain't giving me the best.
I even said that you were cool (you were cool)
I even said that you were cool
I even said that you were cool
(you were cool)
I even said you were cool (you were cool)
I even said you were cool (you were cool)
You were cool
You were cool
