Just Like You

Tim Hicks

It's just like youIt's just like you, come pulling up next to me on a Friday night
Wreck my world at a red light, it's just like you
Show up at my bar with all your friends
Looking so good girl you doing me inYou know how to mess me up
Get my mind right back on a solution
Wishing I was with youIt's just like you, keep coming around
Keep coming around right out of the blue
It's just like you, keep knocking me down
Keep knocking me down, that's what you do
You got me kicking myself, kicking myself
I keep telling myself, telling myself
I'm such a fool, I'm such a fool
It's just like you, to come walking right up to me with that smile
Saying it's been a while, and it's just like you
To pop up on my phone round two AM
Saying it's good to see you againIt's just like you, keep coming around
Keep coming around right out of the blue
It's just like you, keep knocking me down
Keep knocking me down, that's what you do
You got me kicking myself, kicking myself
I keep telling myself, telling myself
I'm such a fool, I'm such a foolYou know how to mess me up
Get my mind right back on us and wishing
Wishing I was with you
Yeah, it's just like you, keep coming around
Keep coming around right out of the blue
It's just like you, keep knocking me down
Keep knocking me down, that's what you do
You got me kicking myself, kicking myself
I keep telling myself, telling myself
I'm such a fool for losing you
It's just like you, it's just like youYou got me kicking myself, kicking myself
I keep telling myself, telling myself
I'm such a fool, yeah I'm such a fool
It's just like you, it's just like you
