

# Perfect Example

## Red Wire Black Wire

I never look back at it, but it's always in front of me  
It's always worth the hurt, but I know it's hurting me  
I'll never let go of it because it's all that's going for me  
I'll put it in the past when the past is history

A perfect example is all the things it's done to me  
I think I might lose my mind, but not my memory  
A perfect example is what we all wish we could be  
I think I might lose my mind  
I think I might lose my mind  
You think you might lose your mind  
But not the memory, means a lot to me
