

# James Bondage (live 2003)

## Pansy Division

James bondage is a man I know  
I picked him up pumping gas up on castro  
I knew he was the one for me  
Grey temples and a little paunch  
Looks like he jumped out of the pages of honcho  
I knew he had his eyes on me  
Back to his bedroom  
For a little role play  
You know by now  
I know that it won't be a dull day  
Chorus1:james bondage, james bondage  
He's get me tied up and held as a hostage  
Gonna nibble, gonna bite  
Gonna turn out the light, james bondage  
James bondage with the handcuffs tight  
I swear to God i'm gonna get it tonight  
Oh I know that he's got plans for me  
On the kitchen table, on the bed  
Strapped to a four-poster giving him head  
Oh yeah! this is the life for me  
Down to his dungeon  
For a little session  
With his whip in hand  
He's gonna teach me a lesson  
Chorus2: james bondage, james bondage  
He's got me tied up and held as a hostage  
Gonna lick, gonna suck  
Gonna tell me to... james bondage  
007 inches  
A goldfinger up my ass  
I wonder how much longer  
Is he gonna last  
(repeat chorus2)  
Gonna lick, gonna suck  
Gonna tell me to fuck, james bondage  
Yes sir!
