## Ben Folds

You don't stop (x4) Follow me into the great unknown  
Where pink flamingos grow  
Diet soda flows and what you take  
Magically regenerates  
All supermarket shelves  
The ovens clean themselves Chorus:  
You don't pay the tab till the last drop  
So we all ride for nothing  
'Cause this train never stops Dadadadadadadadadadadadadadadadada... We make a good team me and you we  
do  
You could scratch my back  
And I'd scratch right back too  
When everyone is welcome at the party, yeah  
People more is more, are we all up for... Chorus You don't pay the tab till the last drop  
So we all ride for nothing  
'Cause this train never stops Dadadadadadadadadadadadadadadadada... You don't stop (x4)
