Already Fallen

Pam Tillis

You come banging on my screen door
Begging me to let you in
All I got to say is, "Honey where you've been?"
This time I think it's you that's surrenderin'You see I've already fallen, yeah I've already fallen
And if you're waiting on me you're backing up
I'm way in over my head in love it's true, oh yeah
Well I've already fallen for you, yeah, yeah, yeahWell you look so serious leaning on the Frigidaire
Oh, and gee it's sweet of you to ask me if I really care
Honey I'm already picking out the silverwareYou see I've already fallen, yeah I've already fallen
And if you're waiting on me you're backing up
I'm way in over my head in love it's true, oh yeah
Well I've already fallen for youI must have played this scene out a hundred times in my head
That you'd look me in the eyes and say you love me like you just did
But you'd better tell me twice 'cause I'm still one step aheadYou see I've already fallen, yeah I've already fallen
And if you're waiting on me you're backing up
I'm way in over my head in love it's true, oh yeah
Well I've already fallen for you, yeah well I've already fallen youAlready, already fallen
Already, already fallen
Already fallen oh yeah
Already, already fallen
Already, already fallen
