Funktion

Tufu

What are we gonna do tonight?
We should go to a funktion
You know I love it
Come on and let me get throughI need to put in on you
You got me hooked up, baby
You know it's breakin' my mind
I want your body all the timeDelicious, she drives me crazy
The perfume that you wear seems to hang in the air
It's boogalicious and while that DJ's bustin' grooves
I've been makin' all the moves to taste your kisses
You know, honeyWe're going to a funktion, yeah, yeah, yeah
(Yeah, party people, get down)
We're going to a funktion, yeah, yeah, yeahWe're going to a funktion, yeah, yeah, yeah
(Come on like dat)
We're going to a funktion, yeah, yeah, yeahYou know we're going to a party
It don't take much to start me, I'm a freakin'
Some people get their kicks when their shirts begin to stick
In a sweat down
(I got to get down)Why don't you come on with me, lady?
I don't want to hear your maybes, I wanna get sexual
Girl, you got the body of a goddess and I want you at your hottest
Ooh, you wanna be my queen?
(Let's hit the scene)Come on to the funktion, yeah, yeah, yeah
We're going to a funktion, yeah, yeah, yeah
We're going to a funktion, yeah, yeah, yeah
(Now come on and drop it for me like diz)We're gonna paint the town red
And then I'm takin' you to bed to spend the nighttime
And now that rhythm is complete
You got the world at your feet, you're outtasightYou don't have to be suggestive
I just want to get connected at the party, party
Why don't you groove down with me and join my funky family?
Ooh, you knowWe're going to a funktion, yeah, yeah, yeah
We're going to a funktion, yeah, yeah, yeah
We're going to a funktion, yeah, yeah, yeah
I'm going to a funktion, yeah, yeah, yeahNow put your zoot suit on
Because we've got to move along
And we're gonna go dancing
These are disco nights and the moon is right for romancingYou know you're gonna dig it
But you just can't help to swing it to the music

Now all the girls grab a guy and the guys grab a thigh
So get looseWe're going to a funktion, yeah, yeah, yeah
Get down to the funktion, yeah, yeah, yeah
I'll meet you at the funky junction, yeah, yeah, yeah
We're going to a funktion, yeah, yeah, yeahNow let me hear my man drop it, ah, this time, ah, just
Now bring it on back, come on, just ooh
