

On A Round

Girls Aloud

Don't let that beat sleep in the suburbs
Keep it buried underground
If you know what's good for you
Keep it on a round
Don't stop now we're grooving
Keep that boom-boom back in sound
No need to change a thing
Don't touch it
Keep it on a roundRound round
Keep it on a round
We're spinning it up like a fast ride at the fairground
Round round
Keep it on a round
Get dizzy on this
Keep steaming up we are nowThe recipe is simple
You know they follow your sexy style
Sit back and relax
Don't rock it
Roll it for a while
Might be cute be shaking that freak
Just play another down but
While we're on this special tip
Keep it on a roundRound round
Keep it on a round
We're spinning it up like a fast ride at the fairground
Round round
Keep it on a round
Get dizzy on this
Keep steaming up we are nowDon't shut the street
We stiff the lip
Just let the track we take you
Keep it on the tip
Ain't no blood on the heels
No hit and run
We've got all night
Don't rush it
C'mon, c'mon, c'mon, c'monRound round
Round round
Round round

Round round
Round round
Round round
Round round
Round roundRound round
Keep it on a round
We're spinning it up like a fast ride at the fairground
Round round
Keep it on a round
Get dizzy on this
Keep steaming up we are nowWe bop
Did you wanna get down? Did you wanna get down?
We bop
Did you wanna get down? Did you wanna get down?
We bop
Did you wanna get down? Did you wanna get down?
We bop
Did you wanna get down? Did you wanna get down?
Round round
