Racking Stars

The Warp Zone

Lately I've been, I've been losing sleep
Wreaking havoc on the world i see
But baby I've been, I've been jacking cars
I won't be counting dollars, I'll be racking stars
Yeah i'll be racking stars

I've played this heist like a hundred times
Yet I always seem to die,
But since i have infinite lives
I'll give something else a try

Kill, just for the thrill
All, through the Rockford hills
And I don't think i'll stop until,
A lot more blood is spilled

I... feel something so right
When stuff is exploding
And I... feel something so wrong
When grinding through story

I can't deny, can't deny, can't deny
Everything I kill makes me feel alive

Lately I've been, I've been losing sleep
Rampaging out on the Los Santos streets
And baby, I've been, I've been jacking cars
I won't be counting dollars, I'll be racking stars

I know your type and i'm concerned
Guys like you will never learn
You're not skilled you're just disturbed
You kill hookers, watch'em burn

I... feel something wrong in mindlessly raging
You should die, should die, should die
Okay, screw it, kiss your ass goodbye

Lately I've been, I've been losing sleep
Hunting this guy who's on a killing spree

And dude i don't know, don't know who you are
I bet a hundred dollars I will rack more stars

Lately I've been, I've been blowing steam
Destroying everything in front of me
And baby I've been, I've been jacking cars
Said no more counting dollars, I'll be racking stars

Take that car and watch it burn
Add to the carnage 2nd star earned
Take that bus and watch it burn
Add to the carnage 3rd star earned
Take that tank and watch it burn
Add to the carnage 4th star earned
Take that plane and watch it burn
Add to the carnage 5th star earned

Everything that I kill... makes me feel alive

Lately I've been, I've been losing sleep
Been wide awake for almost two whole weeks
But baby I've been, I've been jacking cars
I won't be counting dollars, I'll be racking stars

Lately I've been, I've been losing sleep
And slipping deep into insanity
And baby I've been peeing into jars
Could really use some dollars
I'm still, I'm still racking stars
I'm still racking stars
