

# You Are A Part Of Everything

[Josh Kelley](#)

The worst mistake is giving up  
Pulling back when you've had too much  
Of not knowing where you belong  
The one thing I am certain of  
Is time will change each one of us  
For this you're not on your own  
So open your voice and be strong

You are not alone

You are what you believe

You are now alone

You're a part of everything

When life gets you down

Set your soul at ease

You are not alone

You're a part of everything

The cheapest secret is the truth

Until you finally set it loose

Such an unbelievable game

Well, if you've got something to say

Let it out

Give us something to talk about

So that you're not on your own

Open your voice and be strong

You are not alone

You are what you believe

You are now alone

You're a part of everything

When life gets you down

Set your soul at ease

You are not alone

You're a part of everything

Don't people tell you

That you won't amount to nothing

Get out of the way, get out of the way

Do your thing, do your thing, do your thing

Do you thing, give me your thing

It's a beautiful thing, get up

You are not alone

You are what you believe  
You are now alone  
You're a part of everything  
When life gets you down  
Set your soul at ease  
You are not alone  
You're a part of everything  
You are not alone  
You are what you believe  
You are now alone  
You're a part of everything  
When life gets you down  
Set your soul at ease  
You are not alone  
You're a part of  
You're a part of everything  
You're a part of  
You're a part of  
You're a part of everything
