

Inside (feat. Lady & Bird) [Bonus Track]

Bang Gang

How can someone feel like we did out there
Have you lost the dream that was in our hands
Is it ok now (x2)Find me
Inside every heartbeat
Inside every worry
Keep me in your heart againFind me
Inside every heartbeat (over the hills again)
Inside every worry
Inside your heartHow can someone feel like we did out there
Have you lost the dream that was in our hands
Is it ok nowFind me
Inside every heartbeat
Inside every worry
Keep me in your heart againFind me
Inside every heartbeat (over the hills again)
Inside every worry
Inside your heartYou ran away
And I would not stay
Is it your time
Or is it mine
Is it your timeFind me
Inside every heartbeat
Inside every worry
Keep me in your heart againFind me
Inside every heartbeat (over the hills again)
Inside every worry
Inside your heart
