Soul On Fire

LaVern Baker

Well I could play with Tom, Dick and Harry
But for me you're the only one
Who makes me me shiver, makes me tingle
And who brings my loving downI played the love game before I met him
It's a game I've always won
But now you set my soul on fire
And I really had my funWith other boyfriends, the good-time men friends
I still had to walk this road all by myself
I was their play girl, a careless gay girl
But I put them all on the shelfI found my true love with you forever
And my life has just begun
'Cause now you set my soul on fire
And I really had my funGood bye to play boys, those hey hey boys
Good bye to everyone but you my love
Well no more heart aches, no more heart breaks
I swear by all the stars aboveWell, well on my soul, my love, my heart
Miss you darling from now on
'Cause now you set my soul on fire
And I really had my fun
