

Here Comes the Night

[Van Morrison](#)

Whoa, here it comes
Here comes the night
Here comes the night
Whoa whoa whoa yeah I could see right out my window
Walkin' down the street, my girl
With another guy His arm around her
Like it used to be with me
Whoa, it makes me want to die
Yeah yeah yeah Well, here it comes
Here comes the night
Here comes the night
Whoa whoa whoa whoa yeah There they go
It's funny how they look so good together
Wonder what is wrong with me
Why can't I, accept the fact she's chosen him
And simply let them be
Whoa whoa whoa Well, here it comes
Here comes the night
Here comes the night
Whoa whoa whoa yeah She's with him he's turning down the lights
And now he's holding her
The way I used to do I could see, her closing her eyes
And tellin' him lies
Exactly like she told me, too
Yeah yeah yeah Well, here it comes
Here comes the night
The long, the long and lonely night
Night, night, night, night, night Whoa, here comes the night
