

Show Me

Garbage

You could hear long before you could dream
You could walk
You could run long before you could sing
You could talk
Think about all the things you never say
And spit them out And show me
Show me how, show me
Show me how, show me
Show me who you are
Show me
Show me now It's not as easy as it seems
The world is big, the sea is deep
There is no rope, there is no line
We're specs of dust up in the sky
There is no space, there is no time
There's only you and what we leave behind And show me
Show me how, show me
Show me how, show me
Show me who you are
Show me
Show me now And what we leave behind
And what we leave behind Show me
Show me how, show me
Show me how, show me
Show me what we leave behind
And what we leave behind
And what we leave behind
