

Taste of Blood

[Mazzy Star](#)

Red oh red
The taste of blood
On lips of wine Red so silent
Wait a minute
Or just a little while What are you lookin' for?
The taste of red
The taste of fear
From your seemingly convincin' smile Red oh red
The taste of blood
On lips of wine The time is waitin' maybe
Takes away from your demise
From your demise Say you're slippin'
Maybe so
It's not easy
Now you know
