

# Devil With The Black Dress On

## Jack Off Jill

Wash off those scabs dear  
Or fingernail-pick them clean  
Pray to all your long-lost demons  
and justify your means  
Devil has a new shape  
Devil has a new ride  
Devil has a problem but he locks it up inside

Shit angel

Kids sure like the devil these days  
and i'm the devil with the black dress on  
Do you want to own me angel  
Cause i own you now you're gone  
Kids sure like the devil these days  
and i'm the devil with the black dress on

Do you want to hate me angel  
Cause i hate you now you're gone  
Did you believe it cause i said so?  
Did you believe it was true?

Did you believe it cause i said so?  
Angel i sure lied to you  
Did you believe it cause i said so?  
Did you believe it was true?

I'm eternal and infernal  
and i sure lied to you

Shit angel

Kids sure like the devil these days  
and i'm the devil with the black dress on  
Do you want to own me angel  
Cause i own you now you're gone  
Kids sure like the devil these days  
and i'm the devil with the black dress on

Do you want to hate me angel  
Cause I hate you now you're gone  
Good girl with the black eyes

Believe in future past  
Everything that I want happens  
See how long that lasts  
Devil has a hotrod

Devil high on speed  
Devil has a black dress  
So her arms can bleed  
Kids sure like the devil these days  
and i'm the devil with the black dress on  
Do you want to know me angel  
Cause i know you now you're gone  
Kids sure like the devil these days  
and i'm the devil with the black dress on  
Do you want to hurt me angel  
Cause i'm hurting you now you're gone  
G-g-g-gone  
G-g-g-gone  
G-g-g-g-gone-gone-gone  
Gone
