

# House Of Cards

[James Reyne](#)

When you move your stuff away from me  
When you caught the last train home  
When you move your stuff to where you want to be  
When you took that ride I'm torn and tremble way inside House of cards house of sticks  
Where you gonna put 'em all your Chinese tricks  
Gonna lay foundation solid on the ground  
House of bricks house of stone  
Where you gonna get 'em when you're all alone  
I'm a big bad wolf going to blow your big house down When you took your stuff  
And moved away  
When you caught that train  
I'm your conductor once again House of cards house of sticks  
Where you gonna put 'em all your left field tricks  
Gonna lay foundation solid on the ground  
House of bricks house of stone  
Where you gonna get 'em when you're all alone  
I'm a big bad wolf going to blow your big house down
