Diamond Rib Cage

Belly

This poisoned honeymoon
This person is gonna blow out soon
Bad hair day, bad breath
These nightmares are boring me to death
They're boring me to death, to deathMy heart is a diamond rib cage
Unloveable, but love, mmm, I'm amazed
My heart is a diamond rib cage
Busted out, boy, busted outI'm twisted in flight
I spin like clockwork, always out of time
Bad hair day, bad breath
These nightmares are gonna be my death
They're boring me to death, to deathMy heart is a diamond rib cage
Unloveable, but love, mmm, I'm amazed
My heart is a diamond rib cage
Busted out, boy, busted out
Busted outMy heart is a diamond
My heart is a diamond
