Glacier

Canvas Solaris

you're on your head
and you've been there all the wile
and if you'd stand up now
you'd find yourself all upside down
and you fade away
for the first time
now you're slipping through the floor
you insist on going back for more
put all your dreams away
fading out like yesterday
it's over now
you can't chip away the ice
it's here it's underneath
you find it smiling at you
it's ... for the day
there's always been
ice on my face
so put all your dreams away

it's time you fade away
it's not a glacier
it's far away from staying
it's light years away
it's always been ice
it's always been ice
it's always been ice
on my face
oh oh oh
it's been ice
oh oh oh
it's always ice
oh oh oh
it's always been
oh oh oh
it's always ice
oh oh oh
