## Reel Big Fish

Bra stick'm  
Ha ha-ha-ha stick'm  
Bra stick'm  
Ha ha-ha-ha stick'm What ever happened to Suburban Rhythm?  
Why did Ed and Scott quit?  
Please don't go, Suburban Rhythm!  
All the other bands are just shit! A Real Big Fish en de la mer because  
I start a record company that's gonna repair  
They mess up all the lyrics and they got no style  
I say, "They're gonna get it right, but it might take a while"  
Do wah! Don't touch that dial  
I've never been told if we're that good  
And I said I'd never, never play with a ska band again  
I guess I never showed up
