Stage On Fire

Advisory - the following lyrics contain explicit language:

We're meant to burn the stage
You won't miss this show
You'll come to show us your rage
We've made this way to let you know
This fucking venue is about to blowHaving no shame
We own the night
Release that flame
Pour it outsidePour it outsideThe lights are fading out
The curtain opens wide
Make the loudest shout
Don't leave anything inside
We're taking over your mind
I can see the crowd
And I'm feeling alrightWe are holding tight
And the planet's not turning
Everything's alright
While the stage is burning
So shake your hands
And raise them higher and higher
I wanna see you dance
While the stage is on fireWe'll burn you fucking down
That's not the end of the night
Keep your eyes opened wide
We're gonna take a ride
I'll burn you down
With a wasted smile on my face
And liquor on my breath
We'll burn you fucking downOur day was lost but night was found
We'll waste you up and burn you to
The fucking groundWe are holding tight
And the planet's not turning
Everything's alright

While the stage is burning
So shake your hands
And raise them higher and higher
I wanna see you dance
While the stage is on fire
