

Flying High

Cibelle

I need to tell someone how I am feeling
Moving my silence down
I don't feel no middle end, not a bit, just standing still
It's just this feeling course This life, this life
This life I am feeling
This life, this life
This life I am feeling So many good times Seems like I'm falling
With this strangest feeling inside This life, this life
This life I am feeling
This life, this life
This life I am feeling There's so much beauty in the simple things
There's so much light we [unverified]
I feel like I'm flying, I am flying in my dreams
I'm flying good times, good times, I'm flying So many good times, I'm flying
So many good times, I feel like I'm flying, I'm flying
