

# Landslide

## Dallin Kelson

I took my love and I took it down  
I climbed a mountain and I turned around  
And I saw my reflection in the snow-covered hills  
Well the landslide brought me down  
    Oh mirror in the sky  
    What is love  
    Can the child within my heart rise above  
    Can I sail thru the changing ocean tides  
    Can I handle the seasons of my life  
    Uh huh  
    Uh huh, uh huh  
Well I've been afraid of changing cause I built my life around you  
    But time makes you bolder  
    Children get older  
    And I'm getting older too

Well..

Well I've been afraid of changing cause I built my life around you  
    But time makes you bolder  
    Children get older  
    I'm getting older too  
    Well I'm getting older too  
    So take this love and take it down  
    Yeah and if you climb a mountain and ya turn around  
    And if you see my reflection in the snow-covered hills  
    Well the landslide brought me down  
    And if you see my reflection in the snow-covered hills  
        Well maybe  
        Well maybe  
        Well maybe  
    The landslide will bring you down
