

# Pain Is a Close Up

## Apollo 440

Pain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shotYour consciousness is  
The only censorship  
Your consciousness is  
The only censorshipYou wake up  
You shut down  
You wake up  
You shut downPain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shotLove is a virus  
It breaks your system from within  
Love is a virus  
It breaks your system from withinYour consciousness is  
The only censorship  
Your consciousness is  
The only censorshipTime is a jet plane  
My life is burning up  
Time is a jet plane  
My life is burning upPain is a close up  
And happiness a long shot  
Pain is a close up  
And happiness a long shotYou wake up  
You shut down  
You wake up  
You shut downYour consciousness is  
The only censorship  
Your consciousness is  
The only censorship
