

Gonna Have A Party

Alabama

Gonna have a party, a good time jamboree
Gonna have a party, come on along with me
Gonna have a good time and everybody's feelin' right
Gonna have a party a week from Saturday night
Well, thought I'd call you early, I thought you'd like to know
There's gonna be a party and I'd love for you to go
I just wanna give you time to get your story right
There's gonna be a party, babe and it might last all night
Gonna have a party, a good time jamboree
Gonna have a party, come on along with me
Gonna have a good time and everybody's feelin' right
Gonna have a party a week from Saturday night
Now we're gonna play some music and you can sing along
And I'll bet before the night is through, we'll play your favorite song
And when we play the slow dance and I'm holding you so tight

That's when the party's startin', babe and it might last all night
Gonna have a party, a good time jamboree
Gonna have a party, come on along with me
Gonna have a good time and everybody's feelin' right
Gonna have a party a week from Saturday night
Yeah we gonna have a party, a good time jamboree
Gonna have a party, come on along with me
Gonna have a good time and everybody's feelin' right
Gonna have a party a week from Saturday night
Gonna have a party, a good time jamboree
Gonna have a party, come on along with me
Gonna have a good time and everybody's feelin' right
Gonna have a party a week from Saturday night
