

On the Outside

Eve's Plum

If it's so, why haven't I heard?
If it's gone, how come I don't know?
A common thread between us all for a time
 This smile, big smile, got a little one
If time's strange, how come I don't know?
And I might miss the time I'm gonna miss
 And I might've lost.... no
 On the outside
 Where there's no one to tell
 I know that I'll see you in hell
 On the outside
 Where there's so much to know
 I know that it's time I go
 I fell so deep
 Into the funnel
 I wish I knew
 How that was done
 I slip inside, the colors turned
 The dog don't bite, all the colors they burn
 Inside the feeling, not apart for a change
 Immersed within the scene created by us all
 If time's strange, how come I don't know?
 A blood blood red bleeding through my head
 A time murdered by time.... no
 On the outside
 Where there's no one to tell
 I know that I'll see you in hell
 On the outside
 Where there's so much to know
 I know that it's time I go
 I fell into the funnel
 I fell so deep
 I fell out last
 With nothing to keep
 I don't want fun anymore
 I don't want pain, oh no no no no
 Oh, I don't know, know, know, no, no
 No one is to blame, yeah, yeah
 On the outside

Where there's no one to tell
I know that I'll see you in hell
 On the outside
Where there's so much to know
Well I know that it's time I go
 no, no, no, no, no
 no, no, no, no, no
 On the outside
Where there's no one to tell
I know that I'll see you in hell
The outside, I'm years from now, now, now
