# Nobody's Hero

## Apathy

Without space, without time
I am deaf, I am blind
Without motion, without sound
Like a flower underground

I can't see, I don't feel
I can't touch, I don't heal
Apathy, apathy, apathy

Isolation, debarkation
Solitary, separation
No more joy, no more sadness
No emotion, only madness

I can't see, I don't feel
I can't touch, I don't heal
Apathy, apathy, apathy, apathy

Corrosion from within, no future
Incomprehensible

I can't see, I don't feel
I can't touch, I don't heal
Apathy, apathy, apathy, apathy

Corrosion from within
No resistance in the cell
No resistance in the cell
No resistance in the cell
No resistance in the cell, no more

Without space, without time
I am deaf, I am blind
Without motion, without sound
Like a flower underground

Apathy
