Emergency

MotÃ¶rhead

Gotta make out things they said
Spent too many nights getting out of my head
They must be mad, must be blind
Driving me crazy right out of my mindNine nine nine emergency
(Emergency)
Nine nine nine emergency
(Emergency)Nine nine nine emergency
(Emergency)
Nine nine nine emergency
Oh noNine nine nine emergency
(Emergency)
Nine nine nine emergency
(Emergency)Nine nine nine emergency
(Emergency)
Nine nine nine emergency
Emergency emergencyCan't seem to think, can't decide
Times running out on the other side
Where to run, what to do
Better not hide so I can't find youNine nine nine emergency
(Emergency)
Nine nine nine emergency
(Emergency)Nine nine nine emergency
(Emergency)
Nine nine nine emergency
Oh noNine nine nine emergency
(Emergency)
Nine nine nine emergency
(Emergency)Nine nine nine emergency
(Emergency)
Nine nine nine emergency
Emergency emergency
