

Grateful

Maysa

You are the sun
On a cloudy day
You are the rainbow
After a sweet pool rain
I can't believe
All the joy you bring
You are the very reason why i sing
You mean the World to me
You're the very air i breath
You see the best in me
For that i'm gratefull
You are my eye when i can't see
You're my strength when i am weak
You're everything i need
For that i'm gratefull
When i feel lost
You help me find my way
After the darkest night
You are the light of day
dodaduduum
You found the perfect voice to sing
You are the voice of Music
The sweatest voice inside my head
You mean the World to me
You're the very air i breath
You see the best in me
For that i'm gratefull
You are my eye when i can't see
You're my strength when i am weak
You everything i need
For that i'm grateful
You are the Music's perfect melodie
Soft and sweet
Wonderfull harmonie
Thats what you are to me
Your life shines all around
