

Rampid (Shining Mix)

Switchblade Symphony

Tomorrow
Will we all just fade away
And will the sun explode
Destroying everything Tomorrow
Will we all just fade away
And will the sun explode
Destroying everything We are lines too little
Fading fast away
Too little we all shine
We will find a way We are lines, we are lines
Fading fast away, fading fast away What happens
Will we all just fade away
And will the sun explode
Destroying everything What happens
Will we all just fade away
And will the sun explode
Destroying everything
