

# Baller Bitch

## Foxy Brown

Yo foxy, shorty yo  
Don't let that pretty shit fool you yo  
I ain't pay that bitch phone bill This is for all my ballin' ass bitches  
All over worldwide  
Shake them thighs for them pies  
For all my niggas on every street corner  
That's right, love you all niggas This is for the baller bitch  
The waller bitch  
My niggas never call a bitch  
You all be rich  
So Short, what you mean?  
I bet I be a poor girl's dream  
More money than she ever seen This is for the baller cats  
All the cats  
That want a bitch to lay on their back  
To hell with that  
So Fox what you mean?  
Bet I be a poor nigga's dream  
More money than he ever seen Kiss the projects goodbye  
I'm a change you bitch  
I'm a have niggas thinkin' you a famous bitch  
Here's the keys to the Benz but don't start the car  
If you good I'm a let you park the car  
From a straight broke ass to a baller bitch  
They got no other choice but to call you rich  
I got hella fly ladies, never cry ladies Those cheat on they man type, tell a lie ladies  
Diamond rings, platinum chains  
Tell them 'Baller Bitch' when they ask your name  
I say strut that strut  
Walk that walk, pop that shit, talk that talk  
Hold your head high, be proud of this life  
Pray to God that you never fall out of this life  
'Cause it's much more better than all world scenes  
Bitch open up your eyes, it's a poor girls dream This is for the baller bitch  
The waller bitch  
My niggas never call a bitch  
Y'all be rich  
So Short, what you mean?  
I bet I be a poor girl's dream

More money than she ever seen  
This is for the baller cats  
All the cats  
That want a bitch to lay on their backs  
To hell with that  
So Fox, what you mean?  
Bet I be a poor nigga's dream  
More money than he ever seen  
That's right  
Kiss that jail shit goodbye  
I'm a lace you nigga  
I'm a have bitches thinkin' you a famous nigga  
Here's the keys to the crib  
Have you lovin' this life  
And bitches ain't nothing fuckin' with a thug in your life  
And you frontin' ass niggas who be courtin' the hype  
Like they OT  
And ain't ever sold a drug in they life  
I got husslin' ass niggas  
Thuggin' ass niggas  
Always on some shit never trustin' ass niggas  
Bust your guns niggas cop your ones  
And tell them 'Big Baller' when you flash your ones  
Nigga lock the bar down  
Show these cats how it's done  
And slide through the hood and go fuck with your Dons  
This is for the baller bitch  
The waller bitch  
My niggas never call a bitch  
You all be rich  
So Short, what you mean?  
I bet I be a poor girl's dream  
More money than she ever seen  
This is for the baller cats  
All the cats  
That want a bitch to lay on their back  
To hell with that  
So Fox, what you mean?  
Bet I be a poor nigga's dream  
More money than he ever seen  
That's right  
Call me what you want  
I've been heard the worst  
And if there's Cris in this bitch  
Then I'm poppin' it first  
And if the 700s come, I'll be coppin' it first  
So whenever you see some hot shit, I'm rockin' it first  
Shit, droppin' it first  
The pardon choppin' it first  
Basically when I ride by I'm hurtin' them worse  
So now, boo what you gonna do?  
You see how quick I got you

That's how quick I will drop you This is for the baller bitch  
The waller bitch  
My niggas never call a bitch  
Y'all be rich  
So Short, what you mean?  
I bet I be a poor girl's dream  
More money than she ever seen This is for them baller cats  
All the cats  
That want a bitch to lay on their back  
To hell with that  
So Fox, what you mean?  
Bet I be a poor nigga's dream  
More money than he ever seen
