

# My Koo Ka Choo

## L.A. Guns

Hey, when I saw you on the corner  
You looked like the cover of a magazine  
And I thought to myself  
She's about the finest thing I've ever seen  
Baby, my blood was burnin' up  
I saw your face, wanted your love  
Looked in your eyes, it felt so right then  
My Koo Ka Choo  
I am crazy for you  
Girl, you put a spell on me  
My Koo Ka Choo  
Everything you do  
Goin' down in history  
She was out here for the summer  
All alone and I could tell she needed a man  
She said her nights were so lonely  
And I just told her, baby, that I understand [Incomprehensible]  
I look at you, you look at me  
And we can't deny, it's destiny  
Always remember the summer with me  
My Koo Ka Choo  
I'll tell you what I do  
Take you just a little bit higher  
My Koo Ka Choo  
I'm standin' next to you  
Baby, can you feel my fire?  
She's a mystery  
That girl's a fantasy, yeah  
My Koo Ka Choo  
I am crazy for you  
Girl, you put a spell on me  
My Koo Ka Choo  
Everything you do  
Goin' down in history  
My Koo Ka Choo  
I'll tell you what I do  
I take you just a little bit higher  
My Koo Ka Choo  
I'm standin' next to you  
Baby, can you feel my fire?
