

Slave

Weezer

Love barely alive in your arms, slave
Dreams taken too far every night, slave Who put on your heart?
Who put on your heart?
Who put on your heart?
'Cause I can't change, no When you're on your own
You can see things
Clear, clear as a bell
And you're free, slave Who put on your heart?
Who put on your heart?
Who put on your heart?
'Cause I can't change, no And my girl, we'll say "Goodbye"
To the things we'll never try Who put on your heart?
Who put on your heart?
Who put on your heart?
'Cause I can't change, no Love, barely alive
Love, barely alive
Love, barely alive
Slave
