

Cries in Vain

Bullet for My Valentine

Lord I know I cried a thousand tears tonight
But nothing seems to quench the thirst
You keep on craving
But now I need a answer to my question
Your not there so I think to listen Has no one told you
Your cries are all in vain
And everyone keeps trying take that all away
Has no one told you
Your cries are all in vain
Your cries! Lord I can't disguise the look inside my eyes
The more I try to look away the more I'm staring
But now I need a answer to my question
Your not there so I think to listen
Listen Has no one told you
Your cries are all in vain
And everyone keeps trying take that all away
Has no one told you
Your cries are all in vain
Your cries! Your cries in vain
Your cries in vain
Your cries in vain
Your cries in vain
I look away! way way way Has no one told you
Your cries are all in vain
And everyone keeps trying take that all away
Has no one told you
Your cries are all in vain
Your cries! Has nobody told you when you away
The stories they told you still run through your veins
Nobody told you when you away
The stories they told you still run through your veins
Run through your veins
