

# No One Like You

[Sarah Brightman](#)

And we too  
Will it not be soft, kind  
That rest from life  
From patience, from pain That rest from bliss  
We know not when we find  
How can I have enough  
Of life and love? In your eyes are my secrets  
That I've never shown you  
In my heart I feel  
I've always known you In your arms there's a comfort  
That I never knew  
You're what I've been waiting for  
There's no one like you Sure as the sunrise  
Pure as a prayer  
You fashioned hope  
Right out of thin air Every dream I abandoned  
Seems it could come true  
I believe in miracles  
There's no one like you Innocent as a newborn  
In a world so frightening  
It's as if my world  
Been struck by lightning Every dream I abandoned  
Seems it could come true  
I believe in miracles  
There's no one like you
