The Way I Feel

Prince Club

Yeah, I'm not dead I'm alive, I survived
While falling apart at the seams
Yeah, I have grown I'm alone, I have flown
To the far away land of my dreams
Give me a little chance to show you what I've learned
I will explain the circumstance in which I have returned
Cause I can't forget you, lose or reject you
Now that I've found our love is real
I don't wanna break you, force or complicate you
That is the way that I feel
Yeah, it was fate to wait hesitate
Finding some time on our own
They won't believe that the joy that we need
Was so very far from our home

Give me a little chance to show you what I've learned
I will explain the circumstance in which I have returned
Cause I can't forget you, lose or reject you
Now that I've found our love is real
I'll try to accept you, love and protect you
That is the way that I feel
Ah ah ah ah ah
Ah ah ah ah ah
We will go on like the moon and the sun
Revolving around the earth
Cause I can't forget you, lose or reject you
Now that I've found our love is real
I'll try to accept you, love and protect you
That is the way that I feel
