Tall Trees

Matt Mays

Young leaf, from a seed that was sown
Two hundred years in the ground
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwn
It's in the way that they sway
It's the feeling I get
They just don't want me around
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwn
Who's gonna love you when I'm gone?
Said the leaves to the limb
I'll get with you in a while
I'll find... Somebody new in the Spring
When the sun melts the snow
And the water runs down
to where the long river flows
Can I lay with you Jessie
In the grass tonight
And watch him, gro... gro... GROW OH OH OH
Think of the way things might have been
Gimme a ride downtown
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwn
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwn
Tall trees hangin' over the road
Feels like... they're starin' me doooowwwwn
They're starin' me doooowwwwn
They're starin' me DOOOOOOWWWWWWWN
(Amazing guitar solo)
OW OH OH UH OH OH (Repeat)
