

Spicks and Specks

Bee Gees

Where is the sun
That shone on my head
The sun in my life
It is dead
It is dead
Where is the light
That would play
In my streets
And where are the friends
I could meet
I could meet Where are the girls
I left far behind
The spicks and the specks
Of the girls on my mind
Where is the sun
That shone on my head
The sun in my life
It is dead
It is dead Where are the girls
I left far behind
The spicks and the specks
Of the girls on my mind Where are the girls
I left far behind
The spicks and the specks
Of the girls on my mind Where is the girl I loved
All along
The girl that I loved
She's gone
She's gone All of my life
I call yesterday
The spicks and the specks
Of my life 've gone away
All of my life
I call yesterday
The spicks and the specks
Of my life 've gone away
Everybody Spicks and Specks
Spicks and Specks
