

# Sister to Sleep (Live @ The Knitting Factory)

## My Chemical Romance

Welcome to this institution  
One way to resolution  
I'm put on this medication  
Rolls down my throatCause I can't ever sleep at night the same  
This medication enjoys, enjoys most every dayCause I close my eyes,  
I see landWhat did I say?  
What did I say to put Sister to Sleep?  
And fall awake and die  
And I'm never goin' to bedBack to the day, back into this day  
Back to another level, hotter then hell  
Said that we're not savages until we do it  
Again  
And one last night I'll kiss your lips againWhat did I say?  
What did I say to put Sister to Sleep?  
And fall awake and die  
And I'm never goin' to sleepI will take this ferris wheel  
And I'm sleepwalking back into this hellOh my darling  
For the first timeDon't let me sleep tonight  
And get in your way tonight  
Don't let me sleep tonight  
Get in your wayWhat did I say?  
What did I say to put Sister to sleep?  
I'll never go to sleep  
And I won't go back to bedI'm sleepwalking back into this...  
Hell!  
Oh... God...
