Goodbye Love

Steve Miller Band

It's not the way that love is meant to be
You took me by surprise but now I see
You know this heartache-night is killing me(Baby bye-bye)
Forget the past, honey
Better try someone new (Baby don't cry)
There's nothing left here
For me or for you
You know this heartache-night
Will soon be throughGoodbye love
Goodbye love
Goodbye love
What's done is done, darling
This much is true
It's all over now
Don't be blue
You know this heartache-night
Will soon be throughGoodbye love
Goodbye love
Goodbye love
Baby bye-bye
Goodbye love
Baby bye-bye
