Know This X

Casey Jones

This time I'll take every word with a grain of salt and stare you down. One day you'll learn what a promise really is and the meaning of pride. Go ahead and X up. Sellout. Go ahead and X up. Fuck you. Straight edge for a while. A crooked X for that crooked smile. A new trend, a new start. The X on your hand will never be there in your heart. I am straight edge.
