

# Boll Weevil

## Old Crow Medicine Show

Let me tell you bout a friend of mine  
His name is boll weevil, check him out

Spends all day  
On his big butt  
And he don't ever, ever get outside  
I come to visit,  
I bring some sunshine  
And I just spread it all over the fire  
He's stuck on his big couch  
Stuck in his big show  
He looks at the TV and he's all right  
I come from the drug lord  
The local drug store  
(Bug is supplied) and he's never uptight

And I wonder:  
'Boll Weevil, why don't you get out of your home?'

Said, 'I'm comfortable here'  
Don't want to move, don't want to leave  
I said, 'Boll Weevil, get right out of your home.'

Goodbye, I gotta stay  
I will some other day  
Bye Bye, gotta go to sleep  
And let the tube shine  
Let the tube shine  
Let the tube shine  
Let the tube shine

Now, I would tell you bout boll weevil  
But that bug is just too scary  
He's sittin' there all alone  
I try to coach him out, but he would not (try surprise)  
But he would not move a muscle when I tried

Make him see that the sun is shinin' outside  
Make him see that the sun is shinin' outside  
Make him see that the sun is shinin' outside

Make him see that the sun is shinin' outside  
Make him see that the sun is shinin' outside

Boll Weevil, get right out of your home  
Boll Weevil, get right out of your home  
Boll Weevil, get right out of your home  
Boll Weevil, get right out of your home

Now, I would tell you bout boll weevil  
But that bug is just too scary  
He's sittin' there all alone  
I try to coach him out, but he would not (drop his pies)  
But he would not move a muscle when I tried

Make him see that the sun is shinin' outside  
Make him see that the sun is shinin' out  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside  
Make him see the sun is shinin' outside

Come on little buggy, he's a little bug!
