Do Like Lovers Do

Xscape

We've been to the movies once or twice
Had a candlelight dinner baby
That was oh so nice
I enjoy all the times at the fair
And walking hand in hand on the beach
With the wind in my hair
Oh I really like all the things you do
But right about now my body's calling you
It seems like, it seems like
It's time to put all of that to the side
There's a time and place for everything
And at this time all I ask you bring is yourself
'Cos tonight is just for you and me
I want you to
Let the night wind down baby
Fall into my groove
And meet me at my house
To do like true lovers do
I want you to
Let the night wind down baby
Fall into my groove
And meet me at my house
To do like true lovers do
When you come through my doors
Take off your clothes
I ain't got all mine baby
So you won't need yours
The places I'm a take you
You won't be needing them
So let's stop all this talking
And let the party begin
Oh I really like all the things you do
But right about now my body's calling you
It seems like, it seems like
It's time to put all of that behind
There's a time and place for everything
And at this time all I ask you bring is yourself
Tonight, tonight's the night for you and me
Let the night wind down baby

Fall into my groove
And meet me at my house
To do like true lovers do
I want you to
Let the night wind down baby
Fall into my groove
And meet me at my house
To do like true lovers do
Like true lovers do, baby
Let the night wind down baby
Fall into my groove
And meet me at my house
To do like true lovers do
Let the night wind down baby
Fall into my groove
And meet me at my house
To do like true lovers do
Let me show you how to love me
Let me show you where to touch me
Let me show you how to
Groove, groove, groove, groove me
Let me show you how to love me
Let me show you where to touch me
Let me show you how to
Groove, groove, groove, groove me
