

Donut Kill Self

Die Mannequin

Someone said, I was afraid for you
I've got everything you want
These hits to me
Make me never want to fall Mommy said, you where a cheat
You see another baby
Another hole to bleed through me
Until there's nothing left at all I'm grateful under the table
I've raised myself from a little girl
She wonders where I'm sleeping
Where were you lately? Yeah Don't you leave me
Don't you leave me alone
Don't you leave me
Don't you leave me alone
Don't you leave me Don't you leave me alone
Don't you leave me
Don't you leave me alone
Don't you leave me The bitch said, I was a priest
For you holy water in a holy spoon
Distressed your disease
It's amazing I still breathe You lift me up from my dead stand
Don't wake me up I know that way
You hate me but I'm trying
Where were you lately? Yeah Don't you leave me
Don't you leave me alone
Don't you leave me
Don't you leave me alone
Don't you leave me Don't you leave me alone
Don't you leave me
Don't you leave me alone
Don't you leave me Sit in your room and be alone
And sat down [unverified] kill yourself
Like I don't know, I don't know
Saw a bigger light and it was you I don't want to do what you would do
You will drag us down
Like someone like this, rat somebody out There's someone out there
I never happen to believe myself
And I happen to leave you to, leave you to I'll come with you and I'll come with you
I'll come with you and I'll come with you
I'll come with you and I'll come I'm faithful, do what I'm able

You wake me up, I'm dying here
Well I'm lazy but I'm sorry
Where were you lately? Yeah Don't you leave me
Don't you leave me alone
Don't you leave me
Don't you leave me alone
Don't you leave me Don't you leave me alone
Don't you leave me
Don't you leave me alone
Don't you leave me
